2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes :

- The Internal Quality Assurance Cell plays a pivotal role in the quality assurance in the teaching-learning process.
- The institution has constituted an Internal Quality Assurance Cell (IQAC) to monitor and improve the academic performance of the institution.
- The role of IQAC of the college involves collecting periodic feedback from the students and the staff, analyzing the feedback and suggesting ways for improving teaching-learning process.
- The members of IQAC also meet periodically to evolve strategies for the quality enhancement in teaching learning process. The strategies evolved are communicated to the staff and the students through in-house meetings.
- The cell coordinator takes part in the discussion on the analysis of performance in the university semester examinations for all the classes and the remedial measures are taken to improve the results in subjects wherever there is a decline.
- The IQAC helps the faculty to learn the current trends in their specializations and facilitate them to handle the concerned subjects with better preparation and confidence.
- The cell also initiates workshops for the technical supporting staff who are involved in assisting the laboratory sessions with a view to enhance their practical skills with which they can help the fabrication and testing part of student's project models.
- Based on the feedback, a report is generated by the IQAC to bring transparency / objectivity /accountability in the teaching learning process.

All the major academic and non-academic activities are implemented through this MIS

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

For quality improvement, inputs were obtained by following means-

- Interaction with the industry through R and D cell.
- Interaction with parents through Parent Teacher Meet
- Interaction with Alumni through Alumni Cell & Alumni Meet
- Interaction with academicians through workshops
- Suggestions from Department Advisory Boards, Program Assessment Committee
- Comparative study of curriculum of various universities
- We present the suggestions to the syllabus revision workshops conducted by Board of Studies (BOS) of RTM Nagpur university so that these suggestions will be considered when revising the curriculum.
- Various faculties of the Institute participated in University syllabus framing workshop.

6.3.2 Teaching and Learning

- Departmental Academic Calendar
- Lecture plans
- Course learning Objectives and Course Outcomes
- Lecture notes
- Updating the library with appropriate books as suggested by the faculty.
- Modifying the laboratories to cater for the needs of revised syllabus and new technology.
- Monitoring students' performance through Internal Unit Test-I and II, Improvement test, Assignments, quiz, seminars and projects
- Monitoring the teaching process through Online feedback from students
- Oral feedback from students in the student council meeting with Head of department and Dean (Academic) and during mentoring sessions.
- Academic audit by peer committee
- Audit of completed syllabus(Monthly)
- Result analysis at the end of semester examination.
- Addressing issues of individual student
- Additional classes for slow learners
- Personal guidance to students approaching with difficulties
- Mentoring of students to motivate
- Addressing issues related to course

6.3.3 Examination and Evaluation

- Examination and evaluation is done by the affiliating University. Many of our faculty members work as external examiners & evaluates.
- We conduct internal exams and class testes and sessional examination to evaluate our students periodically.
- Two internal unit tests are conducted per semester.
- In addition, a preliminary examination is conducted at the end of semester.
- Model questions and model answers prepared by the faculty and distributed to the students.
- Timely assessment of tests is done and the result is displayed.
- Term work evaluation is done on Continuous basis.
- At the early stage of semester, gets an opportunity/scope to improve his credentials.
- Theory examination and practical/oral examinations are conducted as per

University schedule and rules.

- The Faculty contributes in the examination work like- question paper setting, invigilation of theory examination, examiner and subject experts for paper setting & valuation of answer books related to university examination.

6.3.4 Research and Development

- Active research programmes for students are only their academic projects.
- Faculties are encouraged to apply for research projects
- The institute motivates the faculty to undertake research activities through postgraduate studies and doctoral studies.
- For this, incentives such as study leave, financial assistance for research paper presentation and attending conferences etc. is provided.
- Potential research collaborators are identified and MoUs are established.

6.3.5 Library, ICT and physical infrastructure / instrumentation

- Fully automated computerized library facility continuing open accessory/one entry one exit system
- Computer labs, Computer browsing centers, with internet facility are accessible to students
- All departmental labs are well equipped and available for students and staff
- Campus-wide Networking & Wi-Fi.
- Every department has separate departmental library for students and staff.
- Back-up power supply which ensures power supply to the campus almost on a 24 hour basis.
- The institute regularly increases ICT facilities for classrooms, tutorial rooms and Laboratories. Presently each department has 01 class room that is equipped with LCD Projector-audio system, Wi-Fi facility and wired internet/network facility.
- Each faculty is provided Computer for usage for interactive teaching learning process.

6.3.6 Human Resource Management

- Faculty is felicitated for their academic achievements.
- For compensation and benefits of the students and the staff, welfare schemes exist in the institute.
- The institute uses performance evaluation methods for the HR. At the end of

every year, performance evaluation of the staff is done by head of the department/section. This is used for deciding promotions and increments.

- Own performance evaluation is done by the faculty and reports are submitted to the Principal.
- Support for further research in the form of seed money, sponsorship for attending conferences etc.
- Laptops and other computational facilities
- Insurance for Teaching & Support staff

6.3.7 Faculty and Staff recruitment

- Faculty and staff recruitments are done as per the University and Government norms.
- The faculty members are recruited through Open Process.
- The vacant faculty position is advertised in leading National Newspapers along with posting on Institute Website.
- The applications are called and scrutinized.
- The eligible candidates are called for interview before a panel consisting of external experts approved by Rashtrasant Tukadoji Maharaj Nagpur University and In-house officers like Principal, HODs and Management representatives.
- In case a need arises to recruit a faculty on temporary basis, the selection is done on the basis of course knowledge and lecturing/ interaction skills. These are judged from the demonstration lecture by the candidate and Technical interview of the candidate.

6.3.8 Industry Interaction / Collaboration

- In view of sharing technical resources and expertise, MOUs are signed with companies.
- Industry Internship programs, industry designed certification courses and Industrial training during vacation are made available for the students to deprive the benefit of industry culture.
- Orientation programs are conducted for the students and guest lectures by the Industry experts
- Alumni placed in the industries are invited for informal dialogue with the students.
- Some of the projects undertaken by the students are sponsored by industries. These projects are based on the needs of that industry.

- Entrepreneurship training workshops are organized for the students

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- Building theoretical and Practical skills in the student.
- Provide internships facility to students of third year through project placement drive so as to get acquainted with industry standards and culture.
- Students Project evaluation regularly done from industrial experts.
- Skill Development Programmers were conducted
- Under forum activity, we use to conduct various Guest Lecture and seminars by eminent persons on Communication Skills, Personality Development, and Technical exposures through Quiz competition, Technical Test, Rapid Task, Group discussion, Extempore, CRT and Aptitude Test etc.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- Various curriculum, co-curriculum and extra curriculum events conducted under forum
- One day workshop on “Sales-ford Cloud ”
- Two days Workshop on “Web Development ”
- Short Term Course on “Cloud Computing through ICT” (NITTTR) Chandigarh Sponsored by MHRD
- Seminar on “Embedded Technology”
- Alumni interaction by various Alumni’s.
- Seminar on “Ethical Hacking”
- Guest lecture of various eminent personalities
- Industrial Tour and Visits
- ISR activity
- Parent Teacher Meet
- Project Competition for polytechnic students
- Teacher day celebration
- TG/CR Meet
- UG Project progress seminar
- Forum Installations

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

Best Practices-I

Faculty Training for Enhancement of Teaching Learning Process and Soft-Skills Training for Students Excellence

For Faculty :

- To deliver subject knowledge effectively and improving competencies through guidance of experienced faculties.
- To learn effective time management while delivering lecture by maintaining interest of students.
- To develop commitment to life long learning.
- To understand student friendly teaching methodology and aids.

For Students :

- To deliver subject knowledge effectively and improving competencies through guidance of experienced faculties.

Best Practices-II

Practical Exposure and 360 degree development of the students

- Provide Internships for students of third year so as to get acquainted with industry standards and culture.
- Students Project evaluation is done by experts from industry on a regular basis.
- Online Students Feedback System.
- Add-on courses in ODD/EVEN semester to get acquainted with tools techniques and software apart from those in curriculum.
- Continuous monitoring and performance review.
- Guest speakers from esteem Institutes and Industry are invited quite often to deliver talks and interact with students so that the students are motivated to mold themselves suitably for scaling higher career levels.
- Prominent Industries are visited frequently by final year students
- Apart from chalk and talk institute also focus on NSS activities and Sport activities.
- Add-On courses are organized in ODD/EVEN semester to get acquainted with tools.

*Provide the details in annexure (annexure need to be numbered as i, ii,iii)

7.4 Contribution to environmental awareness / protection.

- E-governance-Awareness for minimum use of paper and stationary.
- Various students activities in environmental areas like poster making.
- Tree plantation apart from campus.
- Conducted a Green Audit.
- Rain water harvesting project.
- Pure and safe drinking water.
- Sustainable mechanism for solid waste disposal & efforts for Carbon Neutrality (Vermi Compost)
- E-waste Management disposal(MoU with EcoCentric)
- Plastic- Free Campus
- World Environment day celebrated.
- Awareness for immersion of eco-friendly Ganpati idol

7.5 Whether environmental audit was conducted? Yes ☒ No ☐

7.6 Any other relevant information the institution wishes to add. (for example SWOC Analysis)

Strengths the institute are as below:

- Excellent infrastructure & State of art laboratories.
- Remarkable results.
- Institute carries ISR activities for the poor and needy of the society.
- Faculties are encouraged to enhance their academics. It includes attending workshops, seminars, conferences including higher studies.
- Students are encouraged to participate in various technical events so that they can increase their horizon of experience.
- Importance is given to development of soft and communication skills which is done through a separate unit under the title SST (Soft Skill Training).
- Institute has taken responsibility of developing aptitude skills. Free online facility is provided for this, faculties keep close watch towards the activity.
- Students achieved meritorious positions in university exams.
- Well stocked library which provides wide range of facilities to support studies access wealth of materials, equipment's and information.
- Strong connection between Teachers-Students-Parents.
- Lush green eco-friendly campus

Weakness

- Sticking to Academic schedule becomes difficult as university academic calendar and examination dates vary time to time.
- Lack of collaboration with higher level institutions.
- Alumni contribution for institutional development to be ensured in addition to placement support.

Opportunities

- Being part of Priyadarshini Group of Institutions, which is a leading group in imparting education, it can avail help of sister institutes.
- Joint research with international universities.
- Interdisciplinary research.
- Upgrading faculty through QIP.
- Strengthen industry institute interaction to give better industrial exposure to the students.

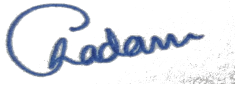

Challenges

- To attract academically good students due to competition
- To collaborate with esteem colleges / universities to promote student and faculty exchange program.
- Increasing the number of placement for slow learner
- To meet continuous changing requirement of the industry

8. Plans of institution for next year

- Organizing Conferences on Recent Trends on Engineering.
- Increasing the number of placement for slow learner
- Industry Certified Courses.
- Focus on National project on Digital India & Make in India
- Use of MOOCS.
- Permanent Affiliation.
- Collaboration with higher level Institutions.
- Preparation for NBA in near future
- Setup of Incubation Centre.
